

SG Skyline Illuminated

Good morning, my fellow icons! Today is a special day!

That's right. It's June 26, the International Day Against Drug Abuse and Illicit Trafficking.

Are you all ready with your lights for the occasion?

I'm still making final preparations! But I should be done in no time.

I've done this a few times. Remember the first time we dressed up for this important event?

Ah, yes. It was three years ago, but it seems like only yesterday. The year was 2018. 12 of us here in the Marina Bay area and HarbourFront (Sentosa) started the tradition.

That's right! And then more icons joined in 2019 – six to be exact!

2020 was also an exciting year because three more icons took part in the event, including Science Centre Singapore in Jurong East.

It's exciting to see more landmarks coming together to show support for a drug-free Singapore.

I'm looking forward to spreading this important message again!

Fun fact: The International Day Against Drug Abuse and Illicit Trafficking has been observed in Singapore and around the world since 1989!

Right? It's always an honour to be part of this meaningful campaign with a really long history, too!

Plus, the colours we'll be wearing tonight will be the same as the anti-drug ribbon.

Yes! The green and white that represent vitality, strength and health...

... and this annual Light-Up since 2018 has been our way of showing that we all stand united against drugs.

By the way, more buildings are lighting up tonight.

It's not only us in the Marina Bay area. Cool, right?

Yeah! The Rain Vortex in Jewel Changi Airport and Singapore Sports Hub are joining in for the first time this year!

I'd love to talk more but I still have some final touches for my look.

I'm looking forward to seeing all of us glow up tonight!

Let's rock it!

When night falls on June 26...
