# Preventive Drug Education (PDE) PROGRAMMES FOR SCHOOLS

# PROGRAMMES MENU

## DRUG BUSTER ACADEMY

Check out the new 'Drug Buster Academy (DBA)' which is revamped to re-create a hi-tech and futuristic environment to appeal to the youths. The use of interactive multimedia exhibits seeks to engage the visitors and create an immersive experience in their learning of the dangers of drug/inhalant abuse. Meet Captain Drug Buster and be inspired to join him in the fight against drugs.

## ASSEMBLY TALK

This is a 30-45 minutes talk presented by experienced Narcotics Officers from the Central Narcotics Bureau. With many years' of experience in fighting the drug menace, our officers are passionate about their mission and are keen to share with the young generation, the dire consequences of drug offences.

## TALKS FOR PARENTS

We also reach out to parents through talks. Preventive Drug Education (PDE) talks are developed to share with parents on issues relating to drug abuse, such as tell-tale signs and myths about drugs.

## ANTI-DRUG SKITS

This is a 30-45 minutes skit conducted by a professional theatre group – The Voice Entertainment Pte Ltd, engaged by CNB. Learn more about the harmful effects of drugs in this interactive and light-hearted skit.

## STATIC EXHIBITION

To complement the talks, an exhibition is an effective way for students to internalise the anti-drug message. The static exhibition comprises mock drug exhibits with explanatory texts on the types, harmful effects and penalties of drugs.

## CNB HERITAGE GALLERY TOUR

Let us bring you on a journey through time, from 1970s where drug abuse was rampant in the streets of Singapore, to a drug-free society we see today. During the tour, you will be able to witness the concerted effort between CNB, other government agencies and the community in the fight against drugs.

## SHARING SESSION

To complement the heritage gallery tour, sharing session allows our officers to better engage the students at a more intimate level to facilitate more in-depth exchanges. We are also able to invite former drug abusers to share at these sessions to reinforce the consequences of drug abuse.

\*\*Students who have attended the assembly talk need not attend the sharing session.
