P D E TALK PROGRAMMES

OUR AIM

Our workplace talks programme is targeted at **working adults, parents and care-givers** as they have great influence in the lives of young people. These talks focus on the commonly abused drugs, their harmful effects, consequences of drug abuse as well as tell-tale signs and measures care-givers can take to keep their loved ones away from the dangers of drug abuse.

OUR TALK

Each workplace talk is:

30-45 minutes long

The talks, injected with visually impactful slides, are customised in terms of the target audience to better relate the anti-drug message to them.

Presented by an experienced narcotics officer from Central Narcotics Bureau (CNB)

WANT MORE?
